Dave Vidler (Basildon AC)

Another hectic day for us with problems a plenty. However, hopeful not too many errors this time

We did have some problems interpreting some team managers handwriting and there were some delays at the end in issuing the senior womens result caused by more than one team manager submitting their disks with the senior mens result.

Please, Please, Please get the disks back to us ASAP. Remember, we want to get home today!

Sorry Vets, there were a great many athletes who have got both older and younger since the last event. We do our best to get the age groups right, but it appears that many team managers are unsure of which age group you fall into.

If you don't tell us then we won't know so please e-mail me with a note of any changes. We won't be amending the results on this website, but will try to ensure that information is correct next time
