There will certainly be instances where age groups have not been identified properly, this will be especially true for Veterans.  
And the inevitable spelling errors where we couldn't read team manager's writing and then there will be some typing errors on our part.

Please let Chris know if any changes are required. Don't be afraid to e-mail him.  
If you don't tell us then we won't know so please e-mail him with a note of any alterations.  
We won't be amending the results on this website, but will try to ensure that information is correct next time
